**mathos** group pty ltd  
pvc manufacturing and distribution

The America-like PVC (Polyvinyl Chloride) Fence series is ideal for all of your fencing needs, its unique sculpture provides a highly durable and aesthetically pleasing product perfect for housing, gardens or even farming.

- Environmentally Friendly.
- Durable - guaranteed to never peel, blister, rot or rust.
- Superior designs and materials reduce the chance of your gate bowing over time.
- Immune to moisture and termites.
- Maintenance Free - no painting ever required.
- Warranty.
- America-like PVC Fencing available in a multitude of sizes and colours (including white, stoneblue & vanilla) invites you to dare to be different with your fencing.

\*\* colour samples provided above may differ slightly to that of actual product.
